

# ix bond

Ixbond verbindet Panel von 3-10mm stufenlos sicher und verwindungsstabil. Die Sichtfuge bleibt dabei immer dezent mit 6mm. Die Schraube kann beidseitig (innen wie außen) eingesetzt werden - praktisch, wenn sie räumliche Konstruktionen umsetzen oder nahe an Wänden bauen. Ergonomische und ästhetische Griffmulden erleichtern die Montage. Gewünschte Anzahl Innensechskantschlüssel bitte extra bestellen.

Ixbond connects 3-10mm panels infinitely and free of torsion. The face joint remains at a discrete 6mm gap. The screw can be mounted from both sides. Convenient if you create structures in 3-d or close to walls. Ergonomic and decorative recessed grips make mounting easy. Order the required keys separately.
